NOTIFICATIONS.

Fort St. George, July 26, 1927
(G.O. Ms. No. 529, Finance).

No. 115.—In exercise of the powers conferred by Fundamental Rule 44 and in pursuance of the provisions of Fundamental Rule 5, the Governor in Council and the Governor acting with the Ministers hereby direct that the following corrections be made in travelling Allowance Rule 68:—

In Rule 68 (iv) (2) *delete* 'conveyances or',

Substitute for the note under Rule 68 (v),—

"If the officer transports the conveyances prescribed in Annexure VI or some other conveyance of not less cost and utility otherwise than by rail, steamer or other craft, he may draw what would have been the cost of transporting by rail, steamer or other craft the conveyances prescribed in Annexure VI".

E. C. WOOD,
Deputy Secretary to Government.

Fort St. George, July 21, 1927
[G.O. No. 525, Finance (Order)].

No. 116.—The Government are pleased to direct that the Madras Financial and Account Code and the Madras Treasury Code now issued be brought into force with effect from the 15th August 1927.

2. The Madras Financial and Account Code and the Madras Treasury Code form part of the scheme of books issued as a result of the constitutional changes introduced by the Reforms. The remaining Codes issued in this connexion are the Madras Book of Financial Powers, the Madras Forest Department and Account Code, the Madras Public Works

Department Code, and the Madras Public Works Account Code, the last two having been issued in June 1926.

3. The Madras Financial and Account Code contains rules which have to be observed in common by officers of all departments, including the Public Works and Forest Departments, in regard to financial and account matters in the case of *provincial subjects*, and the procedure to be followed generally in dealing with treasuries. In these matters this Code supersedes the Civil Account Code, Volume I, and the supplementary rules and orders contained in the Madras Treasury Manual which have hitherto been in force. In the case of special departments like the Public Works and Forest this Code should be supplemented by the special rules contained in the Madras Public Works Department Code, the Madras Public Works Account Code and the Madras Forest Department and Account Code.

NOTE.—In regard to Central subjects including Central (Agency) subjects, i.e., subjects in the administration of which the agency of the Governor in Council is employed by the Governor-General in Council, the Government of India Codes, e.g., the Civil Account Code, will continue to apply. This has been made clear enough in the Madras Financial and Account Code. For convenience, however, attention has been invited wherever possible to special or supplementary rules and orders applicable in Madras to regard to Central (Agency) subjects, e.g., delegations regarding contingent expenditure, etc.

4. The Madras Financial and Account Code should be supplemented by the rules in the Madras Treasury Code as regards the procedure to be followed in treasuries. The Madras Treasury Code deals with the general organisation of treasuries and the procedure to be followed in treasuries generally, in receiving moneys into and in the payment, transfer and disbursement of moneys from, and the custody of moneys in the treasury and contains the relevant rules which are special to treasuries. It contains also all the relevant account rules. It replaces the Civil Account Code, Volume II, and the relevant supplementary rules and orders embodied in the Madras Treasury and Sub-Treasury Manuals, except in regard to certain subjects, e.g., Central Departments (Chapters 22, 24, 25 and 27—29, Civil Account Code), Bills and Remittances (Chapter 20, Civil Account Code), etc., for which the Civil Account Code, Volume II, will continue to be the authorized Code. Even in these cases, the extent to which the Civil Account Code will continue to apply has been made clear in the new Code. The Madras Treasury Code supersedes also the rules contained in articles 7—15 and 22 of the Resource Manual in regard to the custody of moneys in a treasury and articles 16—20 *ibid*, regarding the verification of cash balances as these subjects are to be governed since the Reforms by the special rules and orders under Treasury Orders 3a (a) and 5, respectively.

NOTE.—*Government Securities, Currency and Reserves*.—In regard to the procedure to be followed in dealing with Government Securities, the Government Securities Manual issued under the authority of the Government of India should continue to be followed. Similarly in regard to Currency and Reserves which are Central subjects, the Reserve Manual, excepting the articles specified above, and the orders issued from time to time by the Government of India and the Controller and the Deputy Controller of the Currency will continue to apply.

5. The issue of the new Codes has been necessitated by the fact that several of the old financial rules and delegations became out of date or obsolete after the Reforms. Further, since the Government of India Act, the Devolution Rules, and the Treasury Orders came into force, all the old financial Codes, e.g., the Civil Account Code, the Public Works Department Code, etc., became obsolete and had to be replaced or re-issued by competent authorities. Under the new order, the statutory position is as follows:—

(i) The financial rules pertaining to Provincial subjects are to be made by the Local Government with the concurrence of the Finance Department—see Devolution Rule 37 (c).

(ii) The procedure to be followed in the payment of moneys into, and in the withdrawal, transfer and disbursement of moneys from, the public account, and for the custody of moneys standing in the public account, is to be regulated by the Treasury Orders issued under Devolution Rule 16. The Treasury Orders confer powers on the Governor General in Council, Governor in Council and Auditor General, singly or conjointly as may have been prescribed to regulate the details.

(iii) The financial rules relating to Central subjects are to be made by the Governor General in Council and Devolution Rule 46 confers powers on him to use the agency of the Governor in Council in the administration of Central subjects and to regulate the conditions thereof.

(iv) The Auditor General's rules made under section 96-D (1) of the Government of India Act regulate the duties and powers of the Auditor-General in regard to audit and accounts in general, and in particular confer powers on him to determine the form in which officers rendering accounts to the Indian Audit Department shall render such accounts and maintain the initial accounts—see Auditor General's rule 22.

As it was, however, obvious that the revision of the several Codes to fit in with the new statutory position explained above was a very complicated matter and would take time, the several authorities, viz., the Governor General in Council, the Governor in Council, and the Auditor General declared,* pending the issue of new Codes, that the existing rules in the Civil Account Code, the Public Works Department Code, the Forest Account Code, etc., should be held to be the rules made under the statutory provisions mentioned above except in so far as they may be in conflict with any of the provisions of the statutory rules and orders.

The new Codes described in paragraph 3 above have, therefore, for their main basis the Civil Account Code, 6th Edition, the Resource Manual Chapter II, in regard to custody of money in treasuries and the verification and certification of cash balances, the Public Works Department Code, X Edition (Government of India), the Madras Forest Code as supplemented or modified by other relevant orders, e.g., those compiled by the Accountant General in the Madras Treasury Manual, the Sub-Treasury Manual, etc., in so far as they are still in force. It will be observed that the Madras Financial and Account Code and the Madras Treasury Code have been designed as explained in paragraphs 3 and 4 to bring together in logical sequence—

(i) the financial rules of the Local Government in regard to Provincial subjects,

(ii) the procedure prescribed by the competent authorities under the Treasury Orders in regard to payment of moneys into, in the withdrawal, transfer and disbursement of moneys from, the public account and for the custody of moneys standing in the public account, and

(iii) the procedure in regard to submission of accounts and their form prescribed by the Auditor General.

The chief reason for following this plan is that it is important from the point of view of departmental officers, that the rules bearing on the same subject, whether administrative, financial or accounts, should

* Government of India, Finance Department, letter No. 96 A., dated 29th January 1921, recorded in G.O. No. 258, Finance, dated 18th March 1921. be arranged in a logical sequence, the question of the authorities issuing them not being relevant.

Note.—Separate explanatory memoranda are being issued to explain the statutory nature of each rule, its relation to Codes now replaced, and the authority by whom or with whose approval it may be modified in future.

6. The financial powers of the Local Government in regard to expenditure on Provincial and Central Agency subjects have been compiled together in the Madras Book of Financial Powers. The financial powers of authorities subordinate to the Local Government in regard to expenditure have been defined in the Madras Financial and Account Code (to be supplemented by the Madras Public Works Department and Public Works Account Codes and the Madras Forest Department and Account Code in the case of those departments).

Note.—Isolated delegations to individual officers are not required in a Code and have not been embodied.

7. In bringing out these Codes the simplification and clarification of the financial rules and delegations and their systematization have been prominently kept in view, particularly in regard to expenditure such as contingencies. Hundreds of rules and orders have been examined and simplified wherever possible so as to curtail wasteful correspondence on trivial matters, without impairing efficiency. The main financial principles and procedure to be observed in regard to works assigned to civil departments, and the acquisition of stores and the accounts to be maintained generally in regard to them, have been clarified in Chapters VIII and VII respectively of the Madras Financial and Account Code.

8. *Forms.*—The more common and frequently used forms which have been referred to in the Codes have been appended to the Codes. In other cases references have been given to the Treasury and Account and Common Forms series, lists of which are contained in Appendix XII of the Stationary Manual.

9. Heads of departments should at once take steps necessary to bring the existing departmental manuals and codes, e.g., Jail Manual, Civil Medical Code, Board's Standing Orders, Excise Manual, etc., to accord with the Madras Financial and Account Code now issued. Although these manuals are intended to embody only the special rules and orders concerning the particular departments, in many cases they reproduce also some of the rules common to all departments contained in the Civil Account Code, etc. It is, therefore, important that the departmental manuals should be revised so as to accord with the new Codes, avoiding, as far as possible, a repetition of the rules contained in the main Codes (references should suffice), and confining the scope of the departmental manuals and codes to matter which is special or peculiar to the department concerned.

10. Officers who notice any errors or omissions in the new Codes are requested to bring them to the notice of the head of their department, who will submit suitable proposals to Government in case there is any real error or omission requiring amendment. Such proposals should be forwarded to Government through the Accountant General, who is requested to forward them with his comments.

11. The Superintendent, Government Press, is being instructed to distribute the requisite number of copies of the Madras Financial and Account Code, the Madras Treasury Code and the Madras Book of Financial Powers.

12. Copies of the Codes will also be forwarded to the Departments of the Government of India and the Auditor General for information.

13. This marks the completion of the special work on which Mr. Narahari Rao has been engaged since 1st August 1924 and the Government desire to express their appreciation of the diligence and care which he has displayed in carrying out so important and exacting task.

CENTRAL BOARD OF REVENUE.

Customs.

Simla, the 30th July 1927.

No. 73.—In exercise of the powers conferred by section 9, clause (c), and section 65 of the Sea Customs Act, 1878 (VIII of 1878), and in supersession of all previous rules on the subject the Central Board of Revenue prescribes the following rules to regulate the grant of port clearance to vessels under sections 64 and 65 of the said Act at all customs ports :—

1. When a vessel is laden and ready to proceed to a foreign port, but has not cleared her inward manifest and put in the documents required by section 63, port clearance shall not be granted unless the agents have signed an agreement in terms of section 64 (a) and (b) and section 66, and a declaration under section 64 (c) and (d) in Form A, appended to this notification. The Customs Collector may, when he considers it expedient and subject to the Agents' delivering the aforesaid declaration and agreement under sections 64 and 66, grant part clearance to a vessel before it is laden and ready to proceed to sea.

2. A coasting vessel to which the provisions of section 64 and section 66 have been extended by rule under section 157 (a) of the Sea Customs Act, shall be allowed to take her port clearance under an agreement and a declaration in advance of her being laden and to continue to take in cargo until she is ready to sail.

3. Notwithstanding anything contained in rule 1, steamship agents, with the permission of the Chief Customs Officer may execute, in lieu of Form A, a continuing agreement and declaration in Form B appended to this notification for any vessels for which they may be duly appointed agents.

4. The Customs Collector may, if he is satisfied regarding the status and solvency of agents, dispense with the security provided for in clause 4 of the agreements mentioned above.

These rules will come into force on the 1st September 1927.

FORM OF AGREEMENT UNDER SECTIONS 64 (a) AND (b) AND 66.

Licence is hereby granted to the Municipal Council of Cocanada to supply electrical energy in the area with the powers and upon the terms and conditions all specified below :

1. *Short title.*—This licence may be cited as "The Cocanada Electric Licence, 1927."

2. *Interpretation.*—This licence is to be read and construed as subject in all respects to the provisions of the Indian Electricity Act, 1910, with the statutory modifications thereof and to the rules thereunder; and the several words, terms and expressions, to which meanings are assigned by that Act or any statutory modifications thereof or by the rules thereunder or the General Clauses Act, 1897, shall have in this licence and the annexures thereto the same respective meanings, provided that in this licence—

(1) The expression "The Act" shall mean the Indian Electricity Act, 1910, with the statutory modifications thereof;

(2) The expression "The Licensees" shall mean and include the Municipal Council of Coonada and their permitted assigns;

(3) The expressions "First Annexure", "Second Annexure" and "Third Annexure" shall mean the first, second and third annexures to this licence respectively;

(4) The expression "Deposited Map" shall mean the plan of the area of supply hereinafter specified, which has been deposited with the Government of Madras in pursuance of the rules under the Act, and which plan is signed for the purpose of identification by the Secretary to the Government of Madras in the Public Works Department and for the applicants by the Chairman, Municipal Council, Coonada;

(5) The expression "Unit" shall mean the quantity of energy contained in a current of one thousand amperes flowing under an electro-motive force of one volt during one hour;

(6) The expression "Load Factor" shall mean the ratio or percentage of the average quantity per hour to the maximum quantity per hour of energy supplied in any month.

3. *Commencement of licence.*—The date of the notification by the Government of Madras in the *Fort St. George Gazette*, that this licence has been granted is in this licence referred to as "The Commencement of the licence."

4. *Area of supply.*—The area within which the supply of energy is authorized by this licence is the whole of the area contained within the municipal limits of Coonada and more particularly delineated upon the deposited map by a red line enclosing the said area.

5. *Purpose of supply.*—Subject to the provisions of this licence and the rules thereunder the licensees shall be entitled during the continuance of this licence to supply energy within the area of supply for all purposes except in bulk:

Provided that the licensees shall not be under any obligation under section 23 of the Act to supply more energy than is consistent with their obligation to maintain a constant supply to consumers, due regard being had to the licensees' load factor;

Provided also that no supply of energy shall be commenced to be given by the licensees to owners or occupiers of private premises until the Government of Madras have approved the form of requisition to be made by the owners or occupiers for such supply of energy and also the form of written contract or agreement with the licensees to take a supply of energy which is to be executed or entered into by the owners or occupiers and until the Government of Madras have also approved the amounts of all miscellaneous charges incidental to or in connexion with such supply, which the licensees propose to make.

6. *Systems of supply.*—The systems of supply to be adopted for the supply of electric energy under this licence are the following:—

(1) (*a*) A medium pressure alternating current three phase four wire supply at a pressure at the consumer's terminals of 400 volts (approximately) between phases and 230 volts between phase and neutral which shall be earthed at one point only on each separate distributing system at a frequency of fifty complete periods per second.

(*b*) A high pressure alternating current three phase supply at a pressure not exceeding three thousand three hundred volts between phases at a frequency of fifty complete periods per second.

(*c*) The neutral points of the high pressure system may, with the approval of the Government of Madras and the concurrence of the Telegraph authority, be connected to earth;

Provided always that it shall be lawful for the Government from time to time to issue, with due regard to the expense involved and to the effect upon the commercial prospects of the undertaking, regulations dealing with the above systems of supply or to authorize other systems of supply to be adopted for the purpose of this licence;

Provided also that the licensees may, from time to time, with the previous consent in writing of the Government of Madras and subject to such limitations and conditions as shall be prescribed in writing by the Government, adopt any other system of supply for the purpose of this licence.

(2) (*a*) The feeders, distributing mains and service lines may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensees in strict conformity with the Act and the rules thereunder:

Provided that nothing in this licence shall authorise the licensees to use overhead mains at any higher pressure than medium pressure without the sanction in writing of the Government of Madras in each case and subject to any conditions or limitations which the Government of Madras may prescribe.

Provided also that in all the streets and thoroughfares less than fourteen feet in width all electric lines shall be laid underground.

(*b*) Where overhead mains carrying alternative current are used, due precautions shall be taken by the licensees to avoid any possible interference with the adjacent telegraph or telephone circuits due to inductive effects.

(*c*) For the purpose of rule 61 of the Indian Electricity Rules, 1922, the maximum wind pressure shall be taken as 30 lb. per square foot.

7. *Compulsory works.*—(*a*) The licensees shall lay down suitable and sufficient feeders and distributing mains and execute works to the satisfaction of the Government of Madras for the purpose of supplying electrical energy throughout such streets or parts of streets as are mentioned in the first annexure and as indicated in black on the deposited map. In the case of difference between the description in the first annexure and as indicated on the deposited map the latter shall prevail. The licensees shall commence to execute the works aforesaid within fifteen months from the commencement of the licence and shall complete the same within three years thereof.

(*b*) If the licensees fail to comply with the above provisions or should in the opinion of the Government of Madras the progress made during any portion of the said period of three years be unsatisfactory, the licence may be revoked.

(*c*) The licensees shall submit reports every six months from the commencement of this licence until the completion of the compulsory works specifying all steps taken and the progress made in carrying into effect this licence.

8. *Generating station.*—The generating station shall be within the area of supply.

9. *Breaking up of streets and railways and crossing of waterways.*—(*a*) The licensees are hereby specially authorized to open and break up the soil and pavement of the streets not repairable by the Government of Madras or by the local authority and mentioned in the second annexure to this licence and

also the railways or parts of railways mentioned in the said annexure so far only as concerns level-crossings and parts of the railways running along the highway.

(*b*) The length of the trenches to be opened at any one time on any street repairable by the Government of Madras and the period for which they may remain open shall be determined from time to time by the Government of Madras. When any street is crossed not more than half the width of such street shall without the specific authority in writing of the Government of Madras as aforesaid be closed for traffic.

(*c*) The licensees are further authorised to cross all rivers, streams and irrigation channels within or contiguous to the area of supply in accordance with such conditions as the Government may impose.

10. *Limits of prices to be charged, in respect of the supply of energy.*—The prices to be charged by the licensees for energy supplied by them shall not exceed those stated in that behalf in the third annexure or in the case of a method of charge approved by the Government of Madras in accordance with clause X of the schedule to the Act such maxima as the Government of Madras may fix on approving the method; nevertheless the licensees may enter into special contracts, subject to sections 22 and 23 of the Act, for the supply of energy.

11. *Additions to, variations from and exceptions from the schedule to the Act.*—In pursuance of section 3, sub-section (2), clause (*f*) of the Act, it is hereby expressly declared that clause IX of the schedule to the Act shall be excepted from incorporation in this licence.

12. *Revocation.*—If the licensees fail to comply with the provisions of any of the clauses hereof, the licence may be revoked.

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *fifty*, the candidates that selected that centre must be prepared to proceed, at their own expense to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

If a candidate who belongs to one Indian State selects a centre in another Indian State, he should submit his application for admission to the examination through the educational authorities of the State to which the centre selected belongs, so that they may have an opportunity of disallowing the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objection is not taken, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, *which must invariably be the place where he is employed or ordinarily resides or should it not be a centre the place nearest to it where the examination is held.* A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned at any other place if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 15th August. Ordinarily, however, only one place will be constituted a centre for each district.

5. The Oral and Practical examinations in such subjects as require them will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—To guard against disappointment in the case of such of the Oral and Practical examinations as may be held before the Written examination, candidates are recommended to refer to Part I E of the *Fort St. George Gazette* from time to time.

6. Candidates whose examinations, either written or oral and practical, cannot be arranged for at any place must, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognized by the Director of Public Instruction, Madras, or by the Director of Industries, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought by their *pupils*.

N.B.—Heads of institutions recognized for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical examinations.

8. All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no application of any *private* candidates being enclosed with these applications.

9. Each candidate must, wherever the syllabus requires it, submit, before the 31st *August*, the necessary drawings, plans, surveys, field books, estimates, or other "certified works." Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company.

Candidates are specially warned that no certified works will be valued by the examiners unless the certificate of authorship is in each case quite satisfactory and specifies clearly the period of time

occupied in the execution of such work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificate. Further, if any suspicion attaches to any certified works submitted by pupils from technical schools, the Commissioner will be compelled to recommend to the Director of Public Instruction or to the Director of Industries the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (i.e., the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. *Also on the outside of each roll for each subject each candidate should enter the following particulars in ink* :—

(1) Name of candidate,

(2) Place of examination,

(3) Subject,

(4) Grade, and

(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled* up with the drawings, etc.

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they may reach the Commissioner's office on or before the 31st August, after which date no application will be received.* Only one form of application should be used by each candidate, although he may bring up several subjects and come up for different grades.

NOTE.—Candidate who is desirous of being examined through the medium of a vernacular in any subject or subjects should specify in column 3 of his application the language (e.g., Tamil, Telugu) through the medium of which he wishes to be examined.

11. Candidates in the mofussil should obtain the required application forms from the treasury of the taluk in which they are residents or of the district to which they belong. Candidates in Mysore and Hyderabad States should obtain the same from the Resident's Treasury; those in Travancore, Cochin and Pudukkottai States from the Agent's Treasury, Trivandrum, and those in Coorg from the Commissioner of Coorg, Mercara. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Cathedral Post Office (Madras), and not to the Collector of Madras.

N.B.—No notice will be taken of any application from candidates in the mofussil requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations :—

	Lower.	Higher.
	Rs.	Rs.
For each subject ..	6	12

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Imperial Bank of India, and the receipt given by the Treasury Officer or the Imperial Bank of India attached to the application, which must in every case reach the Commissioner's office on or before the 31st August. *On no account will the fees be received in the Commissioner's office whether sent in cash or by Post Office orders. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—At Madras, in the case of all pupils, the fees should be collected by the Headmaster and sent *in a lump sum* to the Imperial Bank of India together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to the office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.

14. Each application should be sent direct to the undersigned, post-paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it.*

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other 'certified works' that may be sent, but should be submitted in a *separate* cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner for
Government Examinations,
Cathedral P.O. (Madras).

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose *an addressed post card* in *their respective applications.* The post cards should bear the sender's address only and no other writing. Such post-cards will be returned to them in due course with the 'Received' stamp of the office impressed upon them. No other form of acknowledgment except that required by the Postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

15. Candidates should write their names, their father's name and their house names *distinctly* and *in full* in their applications and give their *addresses in full* also; if 'Other Hindus' they should state in column 3 of their applications whether they are 'Non Brahman Caste Hindus,' 'Adi-Dravidas' or 'Adi-Andhras'. Applications defective in any particular will be returned.

NOTE.—The occupation or profession of candidates or the appointments held by them should invariably be stated in full in column 10 of their applications.

16. *The fees paid will, in no case whatsoever, be refunded, nor will it be received for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fee, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purposes of undergoing the Written or the Oral and Practical examinations.*

17. Subject to any change that it may be necessary or convenient to make in the arrangements, the Written examinations will be conducted in the order of time and subjects shown in the following table.

[NOTE.—Candidates will not be allowed to come up in more than one of the subjects bracketed together for the same time on the same day in the table below, or for more than one grade of examination in the same subject in the same year.]

COTTON CROP OF 1927-28—FIRST FORECAST REPORT.

(On an average of the five years ending 1925-26, the area under cotton in the Madras Presidency has represented 10·3 per cent of the total area under cotton in India.)

The area under cotton up to the end of July 1927 is estimated at 172,100 acres as against 212,180 acres on the corresponding date of last year, or a decrease of 19 per cent.

2. The area in the South and the Central districts does not relate to new sowings, but to last year's crops from which some pickings will be obtained before 1st September when they will be removed either in compliance with the provisions of the Pest Act or to prepare the land for a cereal crop. There has been a reduction in area in these districts except Salem. The main decreases are in Madura and Trichinopoly. The yield of the second or summer pickings is expected to be generally satisfactory owing to the good rains received in April and May. The pulling out of the crop has commenced in parts.

3. There has been an increase in the area under *mungari* or early cotton in Kurnool owing to good rains in June and July but this was more than counterbalanced by the reduction in area in Bellary and Anantapur, due to the preference for groundnut. But the *mungari* crop forms only a small proportion of the area under cotton in this tract.

There has been an increase in the area sown in the "Coconadas" tract owing to good rains in June and July.

4. Figures by districts are given in the statement below.

(*Area in hundreds of acres, i.e., 00, being omitted.*)

GINGELLY CROP OF 1927-28—FIRST FORECAST REPORT.

(On an average of the five years ending 1925-26, the area under gingelly in the Madras Presidency has represented 12·0 per cent of the total area under gingelly in India.)

The area sown with gingelly up to the end of July 1927, is estimated at 373,400 acres against 261,500 acres on the corresponding date of last year, or an increase of about 43 per cent. The increase in area occurs in most districts and is due to timely sowing rains. The greatest increase in area is found in West Godavari, Chingleput, South Arcot, North Arcot, Salem, and Coimbatore where the area has risen to 151,400 acres as compared with 87,300 acres at the time last year.

2. The yield is expected to be below normal in East Godavari and West Godavari; recent heavy rains have affected the growth of the crop in the deltaic areas while the crop in the upland areas has been attacked by insects. The crop suffered from drought in Chittoor and North Arcot. In Madura, the crop sown on wet lands in April suffered from insufficient water-supply and failure of early rains. Normal yields may be expected in most of the other districts.

3. Details by districts are given in the statement appended.

ABKARI NOTICE.

ABKARI—COUNTRY LIQUOR—TODDY SHOPS—1927–28—SALE.

THE auction sale of the leases of toddy shops for the lease commencing from 1st October 1927 will be held at the Office of the Collector of Madras, Old High Court Buildings, North Beach Road, Madras, at 12 noon on Thursday the 18th August 1927, and not on the 12th August 1927, as originally notified at page 1014 of Part II of the *Fort St. George Gazette*, dated 26th July 1927.

W. S. BROWN,
Acting Collector.

Madras Collector's Office,
10th August 1927.

AUCTION SALE.

THE public are hereby informed that the right to manufacture salt under Modified Excise system in the undermentioned survey numbers of Gurazanapalli factory measuring about 18 acres will be sold by public auction by the Inspector of Salt Revenue, Penugodum circle, at his office at Gurazanapalli at 12 a m on Saturday the 1st October 1927 subject to the following conditions :—

Survey number.		Area in acres.	Survey number.	Area in acres
518	..	0·73	573	1·11
520	..	0·44	574	1·15

2. A deposit of Rs. 50 must be made by every intending bidder previous to bidding.

3. No person will be allowed to bid for another, unless he holds a power of attorney from him authorising him to do so. The selling officer may for valid reasons refuse to accept any bid and in cases of dispute his decision shall be final. If for any reason the highest bid is rejected, the selling officer, may at his discretion, either accept the next highest bid or commence the auction again.

4. The sale will be subject to the confirmation of the Collector of Salt Revenue, who will not be bound to accept the highest or any bid.

5. As soon as possible after the auction is completed the deposits made by the unsuccessful bidders will be returned to them.

6. The successful bidder, shall, if required by the selling officer, make a further deposit which with the deposit already made would be equal to one-fourth of the purchase money. Should he fail to do so, the deposit made by him under condition 2 supra will be forfeited and the land disposed of as the Collector of Salt Revenue may determine.

7. Within a week of receipt of intimation of the final acceptance of the bid, the successful bidder shall pay the whole amount of deposit already paid by him. Should he fail to do so, the deposit made by him will be forfeited and the land otherwise disposed of.

8 Resale effected under condition 7 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of loss will be required to make good the deficiency between the amount payable under the terms of the original sale and that payable by the successful bidder at the resale. In the latter case the forfeited deposits will be deducted from the loss arising from the resale and the remainder, if any, will be recovered from the defaulter in the manner laid down in section 84 of the Madras Salt Act of 1889. Should however the forfeited deposits be greater than the loss by resale the whole of such deposit will be credited to Government. The defaulting bidder will similarly be liable if the land is disposed of otherwise than by resale and such disposal results in loss to Government as compared with the original sale.

9. Licence to manufacture salt under the Modified Excise system will be granted to the successful bidder after he has accepted the lease with a no compensation clause (the draft form of which can be seen at the Circle office). The lease will commence from the date of acceptance of the bids by the Collector and terminate on 30th November 1945.

10. Government will have lien on 50 per cent of the salt produced in each season.

11. The accepted bidder should pay interest on capital cost of works already executed.

12. Future works which may be necessary will be executed by Government and the cost will be recovered from the successful bidder in the shape of cess in proportion to the land held by him under the licence.

13. The accepted bidder will not be entitled to the refund of the bid amount paid or to the possession of the land if and when the lease is determined.

TENDER FOR PURCHASE OF FISH CAUGHT BY TRAWLER.

TENDERS are invited for the purchase of the whole of the catch of fish to be caught by the Government Trawler off the coasts of Madras from about the 20th August till such time as the trawler is in Madras.

SALE CONDITIONS.

1. Tenders should be at one rate per pound of fish irrespective of the size or kind of the fish caught.

2. Each tender should be accompanied by a deposit of Rs. 100 and will be received till noon (12 o'clock) of Thursday the 18th August 1927.

3. Tenders which must be sealed and superscribed "Tenders for purchase of fish caught by trawler," should be addressed to the Director of Fisheries who reserves to himself the right to reject any or all without assigning any reasons for so doing.

4. The successful tenderer should be prepared to accept delivery of any quantity of fish in any one day and the whole quantity of fish caught should be taken delivery of immediately from the trawler.

5. The successful tenderer should make his own arrangements to remove the fish from the trawler.

6. The successful tenderer should remit into the treasury an additional deposit of Rs. 200 in cash within a week of the intimation to him of the acceptance of his tender as guarantee for the due fulfilment of the contract. The total deposit of Rs 300 will be refunded only after the due fulfilment of all the conditions at the end of the contract term.

7. The full value of each lot of fish should be remitted into the office of the Assistant Director of Fisheries (Marine), Madras, prior to taking delivery thereof.

8. If the successful tenderer fails to pay the additional deposit of Rs. 200 within the prescribed period of one week or fails to pay the full value of fish caught on any day, the fish will be resold by public auction at his risk and his deposit or deposits forfeited to Government and any balance remaining due will be recovered by suit or action at law. Interest at 8 per cent will be levied for all arrear sums, if any. The Secretary of State for India shall be at liberty to recover any sum, in arrear, by suit or action at law, instead of by resale of the fish.

9. The successful tenderer must be prepared to execute a formal contract at his own cost embodying the terms above detailed within two weeks from the date of acceptance of his tender.

10. Further particulars can be had, on application, from the Director of Fisheries, Chepauk, Madras.

CULTIVATION STATEMENT—JUNE 1927—REVIEW.

(On an average of the five years ending 1926-27 the area sown from April to June represents 6 per cent of the cultivation on *dry* lands and 10 per cent on wet lands.)

General—The south-west monsoon became active on the West Coast in the first week of June 1927 and there was good rainfall on the West Coast and the Hills till the third week of that month when the monsoon weakened. It strengthened again after the 25th with copious rain in Malabar which extended later to South Kanara and the Nilgiris. Most of the Deccan and Central districts and South Arcot also received good showers in the second week of June. Copious and timely rain fell in the Circars about the middle of June and the rainfall continued there though with less vigour up to the end of the month. There was moderate rain also in Nellore, Chingleput and North Arcot. The rainfall up to the end of June was above the average in most of the districts. Water supply was insufficient in parts of the Deccan, the Carnatic and the Central districts where most of the rain-fed tanks were empty or contained only a small supply. Some of the tanks in Guntur, the upland areas of West Godavari, Kistna and Tanjore and the non-Periyar areas of Madura and in parts of Ramnad and Tinnevelly did not receive adequate supply. The supply was sufficient elsewhere.

Paddy was sown or transplanted in the Circars, North Arcot, Coimbatore, Tinnevelly, the West Coast and the Nilgiris, and ragi in Vizagapatam, Coimbatore, Madura, Ramnad and the Nilgiris; other crops sown were cholam in Kurnool, Coimbatore, Madura and Ramnad, cumbu in East and West Godavari, Kurnool, Nellore, South Arcot, Coimbatore and Ramnad, groundnut in Vizagapatam, North Arcot, and Coimbatore and gingelly in Vizagapatam, East and West Godavari and Ramnad. Sugarcane was planted in Vizagapatam and Coimbatore.

2. *April to June* 1927—*Sowings*—(*a*) *Dry*.—The area sown from April to June exceeded the average and last year's figures by 18 and 37 per cent, respectively. The increase was mainly in Kurnool, Salem and Coimbatore.

(*b*) *Wet*.—The total area exceeded the average and last year's figures by 10 and 13 per cent, respectively. The increase was noticeable in Vizagapatam, West Godavari, Tinnevelly and Malabar.

RETAIL PRICES—JUNE 1927—REVIEW.

The average retail prices of food grains rose slightly during the month.

The price of ragi fell by 10 per cent in Tinnevelly but rose by 5 per cent in Salem. The price of cholam rose by 6 per cent in East Godavari. The price of cumbu rose by 9 per cent in North Arcot and by 5 per cent in East Godavari.

Prices in the month were generally higher than in June 1926. The price of rice was however lower by 14 per cent in South Kanara and of cumbu by 11 per cent in Tanjore.

Prices were higher by 10 to 20 per cent for rice in Kistna, Bellary, Anantapur, Cuddapah, Nellore, Chingleput, South Arcot, Chittoor and North Arcot, for ragi in East and West Godavari, Kistna, Guntur, Kurnool, Anantapur, the Carnatic, Chittoor, North Arcot, Ramnad and Tinnevelly, for cholam in East and West Godavari, Kistna, Guntur, Nellore, Madura and Tinnevelly and for cumbu in East Godavari, Guntur, Kurnool, Anantapur, Cuddapah, Nellore, Chittoor and Madura.

Prices were higher by more than 20 per cent for ragi in Cuddapah, for cholam in the Deccan and for cumbu in Kistna.
